*A Savings Plan from the Pennsylvania Treasury for Individuals with Qualified Disabilities*

The Pennsylvania Achieving a Better Life Experience (ABLE) Act follows federal legislation that authorizes states to create ABLE programs. Modeled after college savings accounts, ABLE accounts allow individuals with qualifying disabilities and their families to save for a wide range of disability-related expenses. The federal tax-free savings and investment options are offered to encourage individuals with a disability and their families to save private funds to support health, independence and quality of life.

A PA ABLE account gives individuals with qualified disabilities (Eligible Individuals), and their families and friends, a tax-free way to save for disability-related expenses, while maintaining government benefits. Federal and state law authorized the creation of PA ABLE accounts.
